WATERLINE
EVERY DROP, BY DESIGN

PROUDLY SERVING DFW
IRVING · COPPELL · COLLEYVILLE · SOUTHLAKE
GRAPEVINE · FLOWER MOUND · PROSPER
AND SURROUNDING AREAS

Every drop, *by design.*

Irrigation and drainage care for DFW homeowners who'd rather not think about it. One licensed irrigator. Seasonal visits on the calendar. No service-call fees.

20+
YEARS IN THE FIELD

1
OWNER. EVERY JOB.

LI0025754
TX LICENSED IRRIGATOR

Residential Membership Plans

SEASONAL TUNE-UPS · $0 SERVICE-CALL FEES

EVERY PLAN INCLUDES

- **$0 service-call fee** on every visit, all year ($85 value each)
- **Digital service report** with photos after every visit
- **Priority scheduling** ahead of non-member requests
- **10% off all repair work** at published flat rates
- **Seasonal tune-ups** on the calendar, 2 or 4 by plan
- **Danny's direct line,** call or text

ESSENTIAL
KEEP IT RUNNING

$299 / year
ABOUT $25 A MONTH

- **2 seasonal tune-ups:** spring startup and fall adjustment
- Every zone run and checked, run times reset for the season
- Minor adjustments included on every visit

Right for a system that mostly behaves and just needs a professional eye twice a year.

MOST POPULAR

RECOMMENDED
WATCHED ALL SEASON

$499 / year
ABOUT $42 A MONTH

- **4 seasonal visits:** spring, summer, fall, freeze prep
- **Hydrawise remote monitoring** and fault alerts*
- **Annual drain flush and inspection** of surface and French drains

The plan most members choose. Problems get caught from the app before you see a brown patch.

PREMIUM
TOTAL PROPERTY CARE

$799 / year
ABOUT $67 A MONTH

- **Everything in Recommended**
- **Next-business-day response** on service requests
- **$150 annual repair credit** toward parts and labor
- **2-year workmanship warranty** on member repairs
- **Transfers to the next homeowner** if you sell

For larger lots, drainage-sensitive foundations, and owners who want it handled.

*Requires a Hunter Hydrawise controller connected to your Wi-Fi. Upgrade with app onboarding: $260 installed. Repairs found during any visit are quoted at published flat rates less 10% and approved by you before work begins.

WHAT A TUNE-UP COVERS

- Run every zone; check heads, nozzles, arcs, and coverage
- Inspect valves, controller program, and rain/freeze sensor
- Reset run times for the season; adjust for water restrictions
- Walk the drainage: standing water, outlets, downspout tie-ins

> *"Twenty-plus years in, I still run every job myself. The person who quotes your system is the person who shows up. Members get my direct line and the first open slots on the calendar, so when something breaks in July you're not waiting two weeks."*

Spring startup
March – April · all plans

Summer check
June – July · Recommended, Premium

Fall adjustment
September – October · all plans

Freeze prep
November · Recommended, Premium

TERMS

1. Term and renewal. Membership runs 12 months from the start date. It renews for another 12 months at the then-current published rate unless either party gives notice at least 30 days before renewal. Waterline texts a reminder about 45 days out.

2. Payment. The annual fee is due at signing by Zelle to danny@waterlinedfw.com. Membership is active when payment clears. There are no enrollment fees or per-visit charges for included visits.

3. Scheduling. Waterline contacts the member to schedule each visit inside the seasonal windows above. Members receive scheduling priority over non-member requests. A visit missed for lack of access may be rescheduled once within the same window.

4. Tune-up scope. Run all zones; inspect heads, nozzles, arcs, and coverage; inspect valves, controller programming, and rain/freeze sensor; reset seasonal run times; walk visible drainage. Minor adjustments (head straightening, nozzle cleaning, arc and radius adjustment, program changes) are included. Replacement parts and repairs beyond adjustment are quoted at published flat rates less 10% and performed only with the member's approval.

5. Service calls. Member-requested visits carry no service-call fee; diagnostic time is included. Repairs are quoted and approved before work. Premium members receive a response and a scheduled time by the next business day, weather and site access permitting.

6. Hydrawise monitoring (Recommended, Premium). Requires a Hunter Hydrawise controller on the member's Wi-Fi with Waterline added as contractor. Waterline reviews alerts, adjusts programs remotely, and notifies the member of faults. Waterline is not responsible for Wi-Fi, power, or Hunter service outages.

7. Drain flush (Recommended, Premium). Once per term: flush and inspect surface drains, catch basins, downspout tie-ins, and French drain outlets accessible from grade; clear debris; report condition with photos. Excavation, pipe repair, regrading, and root removal are quoted separately.

8. Repair credit (Premium). $150 per term toward repair parts and labor, applied after the member discount. No cash value; unused credit does not roll over.

9. Warranty. Waterline warrants its workmanship on member repairs for 1 year (Essential, Recommended) or 2 years (Premium). Parts carry the manufacturer's warranty. Excluded: damage from freeze, digging, vehicles, pets, work by others, utility work, or changes to water pressure or supply.

10. Not included. Backflow or mainline replacement, controller replacement, new zones, drainage installation, sod, and landscape work are quoted separately; the member discount applies. City-required backflow testing is scheduled separately where applicable.

11. Service area. Pricing applies within 20 miles of ZIP 75039. Beyond that, a $20 travel add-on per visit applies and is noted at signing.

12. Cancellation. The member may cancel any time in writing (a text is fine). Waterline refunds the unused portion of the annual fee prorated by month, less completed visits at $85 each and any repair credit used. Waterline may cancel for non-payment or unsafe site conditions with the same prorated refund.

13. Transfer (Premium). If the home is sold, the remaining term transfers to the new owner at no charge once Waterline receives the new owner's contact details.

14. Regulation. Irrigation in Texas is regulated by the Texas Commission on Environmental Quality (TCEQ), MC-178, P.O. Box 13087, Austin, Texas 78711-3087, www.tceq.texas.gov. Work is performed by or under the supervision of Danny Mastroni, Licensed Irrigator LI0025754.

HOW PRICING WORKS

Every number on this page is a published flat rate. The membership fee is the full cost of the plan for the term: no enrollment fee, no per-visit charge, no automatic upsells. If a visit turns up something that needs a repair, you get the flat rate less 10% in writing, and nothing happens until you say go. **No surprises.**
